

Troop 48 NewsLetter

Acadia

We left for Acadia on August 10 and we drove all day and stopped at Paul Bunyan statue. When we got there we set up all our tents and then we went tidepooling until it got dark. In which we then went to the stone wall and we looked up and watched the stars

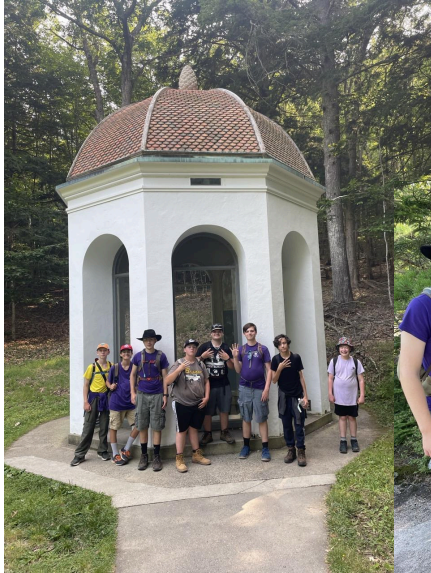

The next day we hiked the small bubble mountain. On the top we made couscous

and spam sandwiches.

The next day we went and explored bar harbor. Then that evening we went sea kayaking. Where we had a seal come right behind Mr Murphy and Mike.

The next day we hiked all the way up Cadillac mountain. Where we had more couscous.

We then hiked up above Echo lake and then was going to head back down to the lake. We heard thunder so we had to head back to camp and we did chess.

The next day we went swimming and finished our chess tournament. Then that night we went and got ice cream and Crab patrol got to sit in crab chairs. Then on the final day we headed home.
